Project overview

A learning app project with course discovery, interactive lessons, learner accounts, and progress-focused features.

Project narrative

EduSera is a gamified learning app with a course-discovery experience, short interactive lessons, daily goals, streaks, learner accounts, and course enrollment. The project documentation describes persistent learning progress and optional subscription flows, with payment checkout limited to Stripe test mode.

DOCUMENTATION NOTE

This summary uses the project information currently documented by Ramlogics. Unreported features, metrics, and outcomes are not assumed.

Documented scope and status

Product focus

- Course discovery: Search and explore learning content.
- Interactive lessons: Present short lessons and learning activities.
- Learner progress: Support accounts, enrollments, and persisted progress.
- Billing scope: Test-mode checkout only; no live payments.

Current status

Development project

Project focus

Learning and progress workflows; billing is test-mode only.

SOURCE BASIS

Portfolio and project notes available to Ramlogics at the time of preparation. No performance claims or client outcomes are added without source evidence.
