Project overview

A property discovery experience with location search, listing details, saved homes, direct enquiries, and member listing management.

Project narrative

MagicSand is a property discovery platform for buyers, renters, property owners, and commercial property seekers. Visitors can search and filter listings, review details, save favourites, and contact owners through enquiries. Registered members can publish and manage their own listings and related enquiries.

DOCUMENTATION NOTE

This summary uses the project information currently documented by Ramlogics. Unreported features, metrics, and outcomes are not assumed.

Documented scope and status

Product focus

- Property discovery: Search and filter residential and commercial listings.
- Direct enquiries: Contact listing owners from property details.
- Owner tools: Publish and manage listings and related enquiries.

Current status

Marketplace MVP

Project focus

Discovery and owner communication; no property transactions or ownership verification.

SOURCE BASIS

Portfolio and project notes available to Ramlogics at the time of preparation. No performance claims or client outcomes are added without source evidence.
